Experience

Graphics Developer
Reuters | Singapore
Graphics Team | Feb '19 - Present

Working with the graphics team on visually driven stories mostly covering the Asia Pacific region. Working extensively with raw data from satellites, elections and other large datasets to tell innovative stories.

Graphics Reporter Intern
The Washington Post | Washington DC
Graphics Team | Jun '18 - Dec '18

Working with the graphics team on sports, society and politics oriented projects. Producing daily graphics, maps, and interactives for stories. Also worked on election pages infrastructure.

Data Journalist Intern
Scroll.in | Mumbai, India
Data Team | Dec '17

Working on visually driven data stories in sports and politics. Analysed tennis shot by shot data to find insights about Roger Federer's improved backhand.

Data Journalist Intern
Hindustan Times | New Delhi, India
Data Team | May '17 - Jul '17

Working on various visually driven data stories in daily graphics and long read formats. Worked on an analysis of 1300 dowry police reports in Delhi and created a graphic story about the extent of the problem.

Research Intern (Data Visualization)
IDC, IIT Bombay | Mumbai, India
Guide: Prof. Venkatesh Rajamanickam | May '16 - Jul '16

An exploratory data story on the 2016 state elections in Tamil Nadu, India.
